

5G / 4G / 3G Antenna

5G | Indoor & Outdoor | 698-5000 MHz | Gain: 11 dB | 4.00 m | White

Brand: Nedis | Article number: ANOR5G10WT | Product EAN number: 54 12810327942

Inner Carton EAN: | Outer Carton EAN: 5412810383160

Nedis.com

3G / 4G / 5G /GSM antenna to enhance data communication and increase the data transfer speed of the 5G and GSM signal, using a double frequency band. The antenna is supplied with a 4-metre cable to mount it on a location which guarantees optimum reception.

Connect the Antenna to your 4G or 5G device's Antenna Port. The device can be a 4G LTE or 5G CPE (Customer Premises Equipment), SIM card router, or cell phone Signal Boosters.

Ensure a secure and snug connection to minimize signal loss.

Adjust the antenna direction for maximum signal strength. Use a compass or refer to your

device's signal strength indicator to find the optimal direction. Gradually adjust the antenna

Features

- Enhances data communication and increases data transfer speed
- Incorporates protected ABS materials for a long lifespan
- Optimises the reception of 3G, 4G, 5G and GSM
- Equipped with a 4-metre cable for perfect positioning
- needs to be connected to a local 4G LTE, 5G CPE, Sim Card Router or Cell Phone Signal booster.
