This Nedis 3-in-1 alarm clock contains three functions: wireless charging, an LED clock with an alarm function and a nightlight.

Just place the alarm clock beside your bed, put your phone on the charging area and you and your phone will wake up on time full of energy. The wireless charging function is specifically made for safe and fast charging of your device depending on the maximum output power that it can handle at 5W, 7.5W or 10W.
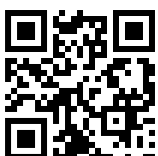

It's also equipped with a USB-A output that allows you to recharge devices using your USB cable.

A soft nightlight is incorporated into the design that offers a choice of eight different colours, so you can select the colour to suit your mood.
