With the Nedis Hot Water Dispenser you can prepare tea, instant coffee or other hot drinks with just 1 push of a button. Want to quickly fill a 200 ml coffee or tea cup? Then press the button once. Keep the button pressed longer for a constant flow of boiling water, for example to fill a small thermos on the go (max. 500 ml per tap)

The Hot Water Dispenser is equipped with boil dry and overheat protection, ensuring your peace of mind with every use. The thoughtful design includes a clear water level window and indicator lights to keep you informed when water is running low. Cleaning is a breeze with the removable drip tray featuring a stainless steel cover, while the adjustable height accommodates different cup sizes.
