Mobile Air Cooler

Watertank capacity: 6 l | 3-Speed | 300 m³/h | Oscillation | Remote control | Shut-off timer | Ionizing function

Brand: Nedis | Article number: COOL117CWT | Product EAN number: 5412810333189
Inner Carton EAN: | Outer Carton EAN: 5412810370849

If you're in need of a more powerful and efficient breeze than produced by a regular fan and you have no available windows to open, or just don't want to drill holes for an airco exhaust hose. This Nedis air cooler provides the perfect solution.

The air cooler works as follows: it pulls in dry, hot air which is passed through a moistened pad, this pad absorbs the heat and the moisture in the pad evaporates, cooling the air with a few degrees for you to enjoy an invigorating, refreshing breeze. Compare it to spending a hot summer day on the water: even though temperatures are high, it still feels pleasantly cool.

The humidified air is blown back into the room so you won't face that dry air which comes with air conditioners.
