The smart Wi-Fi LED outdoor floodlight (20 Watt) for wall mounting has a light output of 1600 lumen which makes it ideal for illumination of entrance areas, driveways or carports. Thanks to its IP65 classification, this floodlight is suitable for any type of weather and can be used in temperatures ranging from -20 to 40°C. The handy mounting bracket ensures that you can determine the right angle yourself.

Easy to set up

Connect this floodlight to the Nedis SmartLife app and control it remotely. You can determine light intensity and color from tunable white (3000 - 6500 K) to RGB colors and set timers and scenarios for optimal comfort. Next to that you can use voice control in combination with Amazon Alexa or Google Home.
