This compact toaster has 2 extra-wide slots that make it easy to toast up to 2 slices of bread at once. With 7 different browning levels, it is up to you to choose which kind of toast you prefer; from lightly toasted up to golden brown toast.

Besides, it has a cancel, defrost, and reheat function. The defrost function makes it easy to defrost frozen bread quickly. This means you will always be able to enjoy a fresh slice of bread, even when it comes out of the freezer. The reheat function is perfect if you have one-day-old bread rolls and want to make them crispy again.

Features

- Toaster (750 Watt) suitable for 2 slices of bread
- 7 browning settings for your favorite type of toast
- Defrost and reheat function for frozen bread and rolls
- Cancel function to stop toasting whenever you want
- With additional bun warmer to warm up your bread
- Convenient removable crumb tray for easy cleaning
- Cord storage function
