This Nedis© motorized height adjustable tabletop stand is suitable for flat screen up to 65". By using the remote, the powerful motor allows you to get the optimal positioning for watching TV on the couch or for gaming with friends. The 2 memory settings on the remote allow you to retrieve the setting of your choice.

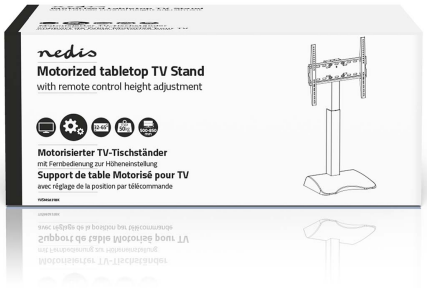

The stand is suitable for TV screens from 32" up to 65" and has a load capacity of up to 50 kg. The stand unit includes an advanced collision avoidance system that stops the unit's movement if it senses any objects in its path. Furthermore, the large solid base plate ensures that your screen is sturdy and stable at any height. It's quick to assemble and can be up and running in virtually no time at all.
