Inner Carton EAN: 5412810396047 | Outer Carton EAN: 5412810382125

Nedis.com

Improve your TV viewing experience with this SmartLife Full Colour Bluetooth LED Strip. Set the mood in any room by controlling the brightness and colour in the Nedis SmartLife application on your smartphone while you're within Bluetooth range. The LED strip combines both RGB and white LEDs. This allows you to set an endless number of colours to suit your mood or the occasion, but you can also use it for everyday warm white indirect lighting.
