1200 W | 2 Heat Settings | Fall over protection | IP24 | Black

Brand: Nedis | Article number: HTPA20EBK | Product EAN number: 5412810336005

Inner Carton EAN: | Outer Carton EAN: 5412810401611

Nedis.com

Enjoy late summer nights or cold days on your terrace with this Nedis Floor Stand Terrace Heater. The modern sleek design has a height of 82 cm and a footprint of only 27 cm.

The carbon fiber lamp makes this floor stand very suitable for open spaces, even when there is a bit of wind. An exceptionally efficient carbon heating element with a heating capacity of 1200 Watt ensures effective heat radiation. It offers two heat settings (600 and 1200 W) for different heat demands. The oscillation function is ideal when more people are sitting around the patio heater.

The heater has an isolation class of IP24 and can be safely used in roofed outdoor areas.

Features

- Modern sleek design with oscillation function
- Carbon element of 1200 Watt to heat a space up to 12 m²
- 2 heat settings, 600/1200, to meet different heat demands
- Oscillation function to evenly warm the air around the heater
- Thanks to the tip-over protection, the patio heater turns off automatically when it tips over
- The heater has an isolation class of IP24 and can be safely used in roofed outdoor areas
