SmartLife Air Quality Monitor

Wi-Fi | Humidity / Temperature / Volatile Organic Compounds (VOC) | Android™ / IOS | White

Brand: Nedis | Article number: WIFISA10CWT | Product EAN number: 5412810336456

Inner Carton EAN: 5412810399345 | Outer Carton EAN: 5412810399352

This Nedis® Smart Wi-Fi Air Quality Monitor is designed to make your lifestyle healthier. It measures some of the most important particles and substances that can cause discomfort, headaches and reduced concentration.

Connect it to your Home Wi-Fi and you can see in the free Nedis® SmartLife application all the different measurements, both live and for the last day, month or even year to see if you can see a trend. You can even export this information to an Excel file and mail it to yourself for further analysis or logging. Set limits at which level you receive a push notification or combine it with other Nedis® SmartLife products to setup automations to automatically ventilate, heat, cool or dry your room.

What does it measure?

Features

- Compact air quality measuring device helps you live a healthy life
- Measure VOC, Temperature (°C/°F), and Humidity
- Watch live readings as well as graphs of the last day, month or year
- Get notifications on your phone when set limits are reached
- Combine with other Nedis® SmartLife products to setup automations
- Export readings of last day, month or year to an Excel-file
- Easy setup: direct connection, no bridge or gateway required
