With this Nedis Milk Frother, you will have the perfect milk foam to make the most delicious cappuccino. And all of that in just 90 seconds! This electric milk frother of 500 Watts has two separate paddles; one paddle is for milk frothing and the other paddle is for blending.

The froth paddle is detachable, which makes the milk frother super easy to clean. Its 360 degree cordless design provides extreme flexibility, which allows you to position it in any location in the kitchen.

There are three different function selections, with which you can either make whipped, warm or cold milk. The handy LED indicator will tell you exactly when the milk is ready to serve and the automatic switch-off system provides full safety.
