SmartLife CO Detector

Zigbee 3.0 | Battery Powered | Sensor life cycle: 10 year | EN 50291 | Android™ / IOS | With test button | 85 dB | White

Brand: Nedis | Article number: ZBDCO11WT | Product EAN number: 5412810401673
Inner Carton EAN: 5412810403868 | Outer Carton EAN: 5412810403875

This Nedis Smart Zigbee CO Detector is a compact and wall mount carbon monoxide (CO) detector, which increases your safety. The high sensitivity of the sensor makes it possible to detect a minimum amount of carbon monoxide (CO) gas and makes sure that you will be alerted in time in case of increased concentrations of carbon monoxide with a loud alarm of 85 dB.

Next to that, you will get a notification on your phone. This way you are informed if you do not hear the alarm, for example because you are outside the house.

It can also be connected to other Nedis SmartLife products. Like this you can switch on all smart lamps automatically in case of an alarm.
