With this Nedis ice cream maker, you can simply make your own delicious ice cream in no time. You don't need to be a professional chef to make the best ice cream, since this machine does the work for you. The ice cream maker works fully automatically and has a built-in freezer compressor.

No need to wait for a long time, because pre-freezing is unnecessary and you will have your ice cream ready within an hour. This also means the bowl doesn't have to be put in the freezer before you start, which is even more time-saving. The built-in ice cream bowl is removable, so cleaning after use is super easy.
