Nedis.com

With this Nedis 4K wildlife camera, you won't miss a single bit of activity from nature or human activity anymore. Simply attach it to a tree or pole with the included mounting strap. The camera takes spectacular footage and can store hours of a flock of deer running through the forest or a snap of that bear or wolf exploring. During the daytime and at night this camera will give you amazing 48 MP pictures and 4K videos.

It will be activated real quick with a trigger time of only 0.3 seconds so that you miss out on the action. It turns off automatically ensuring long-time battery life and standby time.

Features

- Multiple usage options – can be used as wildlife, hunting or as surveillance camera
- Sharp and clear pictures and videos – the camera shoots pictures in 48 MP and video in 4K resolution
- Detection range – take clear images of up to 20-meter range with a viewing angle of 90° thanks to the PIR sensor
- Night vision – the black no-glow infrared LEDs create a nearly invisible flash to ensure no animals are scared off and create clear images within a range
