This easy to use full colour Smart Wi-Fi string of lights with a length of 5 metres brings the most advanced technology to your home decoration. Just put up your lights any way you want, straight, zig-zag or round-about and control it with the Nedis SmartLife app. Each colour changing LED bulb is a pixel that can be controlled individually in the app. You can select one of the 7 predefined colours or the multicolour selection in the app. Next to this, there are also 8 blinking modes available. For even more comfort, you can set timers and routines so your string of lights is always illuminated at the right time.
