Nedis.com

This easy to use smart Wi-Fi hanging tree with warm white LEDs has 10 strings of 2 metres and is especially suitable to hang on flagpoles, pergolas or patios. The advantage of this hanging tree is that it takes up little space, but does produce a beautiful effect. Due to the advanced smart technology it brings your decoration to a higher level. Next to controlling the preferred brightness, you can also choose one of the 7 predefined effects with different kinds of moving patterns or the steady mode in the app. For even more comfort, you can set timers and routines so that your string of lights is always illuminated at the right time.
