# Ceramic PTC Fan Heater

**1000 / 2000 W | 2 Heat Modes | Adjustable thermostat | Rotates automatically | Overheating protection | Fall over protection**

Brand: Nedis | Article number: HTFA19WT | Product EAN number: 5412810405589

Inner Carton EAN: | Outer Carton EAN: 5412810405725

This compact Nedis ceramic fan heater is ideal to heat the living room, workspace, children's or hobby room. The ceramic heating fan can create a pleasant warmth on cold days without any temperature fluctuations – thanks to two selectable heating levels of 1000 and 2000 Watt. Due to the thermostat, it will keep the room temperature at a stable level. The selectable oscillation function increases the fan heater's effective area so the warm air is widely distributed in the room.

During a hot summer day, the integrated fan operation additionally meets any desire for soothing refreshment whilst the heating function is deactivated. Heating or cooling – as you wish.
