These Nedis decorative LED icicle lights bring 9 metre of atmospheric cool white light to your seasonal decoration. Perfect to set the festive mood either indoors or outdoors. Choose one of the 7 predefined effects with different kinds of moving patterns or the steady-on mode. Use the predefined on/off timer to schedule your display and ensure that your string of lights is always on at the right time.

The transparent colour of the cable fits discretely on winter backgrounds without disturbing the optics. The string has a total of 360 LED lights that are mounted on strings with alternating 2, 3, 6 or 7 LEDs. The extra long power lead of 5 meters offers maximum flexibility, even if a power outlet is not nearby.
