These Nedis decorative LED net lights bring 2x1 metres of atmospheric warm white light to your seasonal decoration. Perfect to set the festive mood either indoors or outdoors. Choose one of the 7 predefined effects with different kinds of moving patterns or the steady-on mode. Use the predefined on/off timer to schedule your display and ensure that your string of lights is always on at the right time.

The green colour of the cable fits discretely on all backgrounds without disturbing the optics. A total of 160 LED lights are mounted on a net measuring 2 by 1 meters. With a power lead of 3 meters, you will be able to mount the lights right where you need them. Very handy if your socket is just a little further away.
