This Nedis soundbar gives an extra dimension to every gaming experience with its built-in multi-colour LED lighting.

It easily fits underneath many different monitors and the Bluetooth® function enables listening to music through smartphone or tablet. With its maximum Wattage of 30W you can enjoy games, music or videos perfectly.

The soundbar even has a pass-through function for your headset via 2x 3.5 mm jack.

Features

- Bluetooth® function to listen to your favourite music via your phone or tablet
- Pass-through function for headsets
- Multi-colour LED lighting to illuminate your desktop
- Volume control at the front
- High peak power of 30W
- Clear stereo sound for full immersion in the game
