Brand: Nedis | Article number: WIFILSC20CRGB | Product EAN number: 54 128104 13515

Inner Carton EAN: 54 128104 15427 | Outer Carton EAN: 54 128104 15434

This Nedis ultra-thin COB LED strip can be used in any room and place in the house. Control it in the Nedis SmartLife application, set schedules or automations or use your favourite voice assistants to control the brightness of this COB LED strip. It connects directly to Wi-Fi, so no separate hub is required.

This COB LED strip has a warm to cool white colour and RGB colour scheme so it is very easy to set the preferred colour white by adjusting it in the Nedis SmartLife App.

Due to its flexibility, this COB LED strip can be used for any type of installation at home. The product has a length of 2 metres and can be shortened so it can be used for endless possibilities.

Features

- Super thin LED-strip, with a width of just 12 mm
- Easy to set up in your Nedis® SmartLife app - simply connect it to your Wi-Fi to set, control and schedule this LED strip
- COB LEDs are much more efficient than traditional LEDs
- Suitable for any installation: the strips can be shortened every 50 cm
- New and innovative chip technique with 640 LEDs per metre
- A smooth, bright and continuous light effect, no empty/dark spaces due to the COB technique
