The Nedis motorized Bluetooth blinds controller is the perfect solution to make your blinds smart. This amazing smart controller allows you to connect directly with Bluetooth and control it with the Nedis smartLife app. Once connected, the Nedis SmartLife app can be used to set schedules or routines that open and close multiple devices at once so it looks like a habitable home. Best of all, it supports voice control by Google Home and Amazon Alexa.

You can also set your opening and closing times according to local sunset/sunrise times and wake up with natural light. But it also possible set up a schedule that your curtains will be automatically opened when your alarm goes off.
