Establish a fast and stable Wi-Fi connection on your desktop PC or upgrade your notebook Wi-Fi signal with this Nedis wireless network mini dongle. Because this adapter uses both the 2.4 GHz and 5 GHz frequency bands, you have the right frequency for both internet browsing and online gaming. In combination with its USB 2.0 connection, the adapter achieves speeds of 150 Mbps and 433 Mbps respectively.

Due to its compact design it can be easily plugged into any laptop without sacrificing portability and looks. Furthermore, it is designed with details in mind, such as not blocking other ports or be in the way of other USB devices/cables.
