This stylish design 1450 Watt toaster has 2 extra long slots, each measuring 23 cm. This enables you to toast 2 long slices of bread, or even 4 slices of sandwich bread (10 x 10 cm) at the same time. With 7 different browning levels it is up to you to choose which kind of toast you prefer; from lightly toasted up to golden brown toast.

It has a cancel, defrost and reheat function. The defrost function makes it easy to defrost frozen bread quickly. This means you will always be able to enjoy a fresh slice of bread, even when it comes out of the freezer. The reheat function is perfect if you have one-day-old bread rolls and want to make them crispy again.
