

IEC (Coax) CAT6 Combikabel op rol | RG58 | 75 Ohm | Dubbel Afgeschermd | ECA | 100.0 m | Rond | Wit | Rol

Productspecificaties CSGR4500WT1000:

|                                |                    |                      |        |
|--------------------------------|--------------------|----------------------|--------|
| Aantal producten in verpakking | 1 Stuks            | Maximale bandbreedte | 1 Gbps |
| Afscherming                    | Dubbel Afgeschermd | Type verpakking      | Rol    |
| Coax type                      | RG58               |                      |        |
| CPR-Klasse                     | ECA                |                      |        |
| Diameter                       | 10.4 mm            |                      |        |
| Diameter van ader              | 0.58 mm            |                      |        |
| Diëlektrische diameter         | 2.6 mm             |                      |        |
| Frequentie                     | 250 MHz            |                      |        |
| Impedantie externe speaker     | 75 Ohm             |                      |        |
| Isolatie materiaal             | PE                 |                      |        |
| Kabel design                   | Rond               |                      |        |
| Kabellengte                    | 100.0 m            |                      |        |
| Kabelmantel materiaal          | PVC                |                      |        |
| Kabeltype                      | Coax / Cat6        |                      |        |
| Kleur                          | Wit                |                      |        |
| Materiaal                      | PVC                |                      |        |
| Materiaal conductor            | OFC                |                      |        |
